## State-wise Health Monitoring

Global Vital Management & Telemedicine Initiatives and Solutions

Longevity & Vital Pvt Ltd

Televital India Pvt Ltd

# VISION

THE VITAL  
A Longevity Company

## VISION

Through integrated healthcare we provide personalised, curated and compassionate, highest-quality healthcare and wellness to commercial and residential real estate.

## PURPOSE

To provide unlimited access to health, wellness, and medical services under the same roof to a wave of consumers who will be increasingly invested in their health and wellness when making any future travel or real-estate decisions.

## MISSION

Holistically and intentionally design, build and operate wellness lifestyle real estate to support the holistic health of occupants and residents. Putting peoples health and wellness at the centre.

**Harley Street Healthcare Group (HSHG) is global healthcare group with a mission to create a community centred health & wellness empowering people to deliver long term value and a seamless experience**

# 100%

**Healthcare and Health Impact Centric**

# Wellness & Diagnostics

A uniquely designed and well thought-out 360-degree integrative approach to wellness which helps both the physical and non-physical areas connect, allowing them to impact and influence one another, and, thus, create well-being that takes into consideration all aspects of a person's life.

# State-Wise Project Objective

## Objective

The objective is to implement a Comprehensive Health Program across the State. The scope of the project is to position Qualified Health Volunteers, Cluster Health Coordinators, and Doctors at PHC, Command Control Centre team, call center, and team for Medical Examination for state population to ensure proper monitoring and tracking of the healthcare Infrastructure state-wise.

## Solution

Telemedicine & Vital Monitoring may turn out to be the effective, as well as the fastest, way to bridge the communities. Telemedicine could help to bring specialized healthcare to the remotest corners of the state.

Health IT supports the recording of patient data to improve healthcare delivery and allows for the analysis of this information for both healthcare practitioners and ministry of health/government agencies.

# Health Monitoring Dashboard

Health monitoring dashboard state-wise is accessible through web and mobile APP ensures availability, scalability, and reliability.

## Disease, Graphical, Category & People Dashboard

- Community wise Health Monitoring
- Electronic Medical Record
- Laboratory Report
- Patient demographics
- Vitalsigns and Medical acquisition
- video conferencing & chat
- Real time interaction and storage
- Illness Analysis, Doctor Reviews & Follow-ups

## Trained Paramedical Staff

The team, consisting of Health Volunteers/Asha Workers, fills the prerequisites form of the patient and sync the data. Survey data of the patient will be added in that PHC to take patient details to the next level. The patient based on the severity shall access the nearest PHC/ambulance for specialist services through telemedicine setup. The

Solution include:

- Patient Survey Form
- Patient Demographics, name, tribal community etc
- Patient health record information
- VitalSigns
- Observation & Symptoms
- Laboratories report
- Previous & Present Medical & Health History
- Medical Prescription

# DIACOM Image

The screenshot displays the DIACOM Image software interface. At the top, there is a menu bar with options: Patients list, Database, Display, Tools, and a help icon. Below the menu is a toolbar with icons for Open..., DICOM directory..., Open CD..., Import..., Export..., Database..., Palette, Display, Windowing, Measures, and DICOM tags... The main window is titled "MR/L SPINE/TSE/512 - M 65y". On the left side, there is a "Favorite directories (F2)" panel with an "e-Mails" folder. Below that is a "List of 4 patients" panel showing a tree view with the following details:

- MR/L SPINE/TSE/512
  - MR (28 October 1994)
    - E52bar t2w/tse/512 SAG TSE 2284 150 90
      - Image Number
        - 0001

At the bottom left, there is a file explorer showing the path "C:\vitalware\temp\" with a 2 Mb file and a progress bar indicating 0% completion. It also shows "826269 MB free on 'C:.'" and "9% of 911030 Mb". The main display area shows a sagittal MRI scan of a spine. Text overlaid on the image includes:

- MR/L SPINE/TSE/512
- 2
- M - 19500312
- Univ.KI.AKH Wien

#### Cautionary statement relating to forward-looking statements

Announcements, presentations to investors, or other documents or reports and any other written information released, or oral statements made, to the public in the future by or on behalf of FixedR/HSFG and its group companies ("the Group"), may contain forward-looking statements. Forward-looking statements give the Group's current expectations or forecasts of future events. An investor can identify these statements by the fact that they do not relate strictly to historical or current facts. They use words such as 'aim', 'ambition', 'anticipate', 'estimate', 'expect', 'intend', 'will', 'project', 'plan', 'believe', 'target' and other words and terms of similar meaning in connection with any discussion of future operating or financial performance. In particular, these include statements relating to future actions, future performance or results of current and anticipated products, expenses, the outcome of contingencies such as legal proceedings, dividend payments and financial results.

Other than in accordance with its legal or regulatory obligations, the Group undertakes no obligation to update any forward-looking statements, whether as a result of new information, future events or otherwise. The reader should, however, consult any additional disclosures that the Group may make in any documents which it publishes. All readers, wherever located, should take note of these disclosures. Accordingly, no assurance can be given that any particular expectation will be met and investors are cautioned not to place undue reliance on the forward-looking statements. Forward-looking statements are subject to assumptions, inherent risks and uncertainties, many of which relate to factors that are beyond the Group's control or precise estimate.

The Group cautions investors that a number of important factors, including those referred to in this document, could cause actual results to differ materially from those expressed or implied in any forward-looking statement. Any forward-looking statements made by or on behalf of the Group speak only as of the date they are made and are based upon the knowledge and information available to the Directors on the date of this report.
